

# ISO/IEC TS 18661-4:2015-10 (E)

Information Technology - Programming languages, their environments, and system software interfaces - Floating-point extensions for C - Part 4: Supplementary functions

---

<b>Contents</b>	<b>Page</b>
Foreword.....	iv
Introduction .....	vi
1 Scope.....	1
2 Conformance.....	1
3 Normative references .....	1
4 Terms and definitions .....	2
5 C standard conformance.....	2
5.1 Freestanding implementations.....	2
5.2 Predefined macros .....	2
5.3 Standard headers.....	2
6 Operation binding.....	5
7 Mathematical functions in <code>&lt;math.h&gt;</code> .....	6
8 Reduction functions in <code>&lt;math.h&gt;</code> .....	19
9 Future directions for <code>&lt;complex.h&gt;</code> .....	26
10 Type-generic macros <code>&lt;tgmath.h&gt;</code> .....	27
11 Constant rounding modes <code>&lt;fenv.h&gt;</code> .....	27
Bibliography.....	31
