Foreword

Introduction

1 Scope

2 Normative references

3 Terms and definitions

4 Sensor hardware requirement

5 Acquisition software

- 5.1 Acquisition process
- 5.2 User feedback
- 5.3 Acquisition check
- 5.4 Image processing
- 5.4.1 Resolution
- 5.4.2 Segmentation
- 5.4.3 Compression

6 Logging and evaluation of data

- 6.1 Logging data
- 6.2 Useful statistical evaluations

7 Operational process

- 7.1 General user guidance
- 7.2 Acquisition process recommendations

8 Operational issues

- 8.1 Placement recommendations
- 8.2 Calibration recommendations
- 8.3 Cleaning recommendations
- 8.4 Operator recommendations

Annex A (informative) Example of an acquisition process

Annex B (informative) Example of an acquisition process based on composite records

Annex C (informative) Example of a quality assurance process for the build of a composite record
