ISO/IEC 23126:2021 (E)

Information technology for learning, education and training — Ubiquitous learning resource organization and description framework

Contents

Foreword

Introduction

1 Scope

2 Normative references

3 Terms and definitions

4 Abbreviated terms

5 Learning cell framework overview

5.1 General
5.2 Characteristics of learning cell
5.3 Components of the learning cell framework

6 Detailed description of the components in the learning cell framework

6.1 General
6.2 Aggregation model
6.3 Content organization
6.3.1 General
6.3.2 Basic semantic information
6.3.3 Contextual information
6.3.4 Social information
6.3.5 Evolvable information
6.4 Context-aware learning services
6.4.1 Context-aware services for learners
6.4.1.1 Context-aware process
6.4.1.2 Structure of learning cell container which supports the services
6.4.2 Data interaction under the service
6.5 Learning cell service provider

Annex A (informative) Use case 1: Learning cell knowledge community in China

Annex B (informative) Use case 2: China Mobile’s "AND Education"

Annex C (informative) Use case 3: “GoC” online programming education in China
