## Cards and security devices for personal identification - Building blocks for identity management via mobile devices - Part 1: Generic system architectures of mobile eID systems

---

<b>Contents</b>		<b>Page</b>
Foreword .....		iv
Introduction .....		v
1	Scope .....	1
2	Normative references .....	1
3	Terms and definitions .....	1
4	Abbreviated terms .....	6
5	Design and privacy principles of mobile document systems .....	7
5.1	Design principles .....	7
5.2	Privacy and security principles .....	8
5.2.1	General .....	8
5.2.2	Data minimization .....	8
5.2.3	Consent and choice: .....	8
5.2.4	Accuracy and quality .....	8
5.2.5	Information security .....	9
6	General life-cycle phases and components of mobile document systems .....	9
6.1	Life-cycle phases of mobile document systems .....	9
6.2	Components of a mobile document system .....	10
6.2.1	Operational modes of components .....	10
6.2.2	Components of mobile document systems .....	11
7	Generic system architectures of mobile document systems in installation phase .....	13
8	Generic system architectures of mobile document systems in issuing phase .....	15
8.1	Source of user attributes .....	15
8.2	Generic sub-phases of issuing phase .....	15
8.3	System architectures in sub-phases user identification and mID-discovery .....	16
8.4	Architectures in sub-phase issuance .....	18
8.5	Monitoring service in issuing phase .....	20
9	On-site identification system architecture in operational phase .....	21
9.1	General sub-phases of on-site identification system architecture .....	21
9.2	On-site identification system architecture with local attribute storage .....	21
9.3	On-site identification system architecture with remote attribute storage .....	22
10	Remote identification system architecture in operational phase .....	23
10.1	General .....	23
10.2	Remote identification system architecture with local attribute storage .....	23
10.3	Remote identification system architecture with remote attribute storage .....	25
Annex A (informative)	Examples of deployment options for issuers in issuing phase .....	28
Annex B (informative)	Examples of deployment options in installation phase .....	35

<b>Annex C (informative) Examples of holder enrolment .....</b>	<b>39</b>
<b>Annex D (informative) Examples of additional physical factor(s) of authentication .....</b>	<b>43</b>
<b>Bibliography .....</b>	<b>47</b>
