ISO/IEC TS 13211-3:2025-06 (E)

Programming languages - Prolog - Part 3: Definite clause grammar rules as an extension of ISO/IEC 13211-1

Contents

Page

Foreword . . . iv
Introduction . . . v

1 Scope . . . 1

2 Normative references . . . 1

3 Terms and definitions . . . 2
3.3 Grammar terms . . . 2

4 Symbols and abbreviations . . . 4

5 Conformance — (ISO/IEC 13211–1:1995: 5 Compliance) . . . 4
5.1 Prolog processor . . . 4
5.5 Extensions . . . 4
5.5.13 Grammar control constructs and built-in non-terminals . . . 4

6 Syntax . . . 5
6.1 Notation . . . 5
6.1.2 Abstract term syntax . . . 5
6.2.1 Prolog text . . . 5

7 Language concepts and semantics . . . 7
7.4 Prolog text . . . 7
7.4.2 Directives . . . 7
7.4.4 Grammar rules . . . 7
7.5 Database . . . 7
7.5.1 Preparing a Prolog text for execution . . . 7
7.13 Grammar rules . . . 7
7.13.1 Format of grammar rules . . . 7
7.13.2 Terminals and non-terminals, semicontext . . . 8
7.13.3 Non-terminal indicator . . . 10
7.13.4 Executing clauses expanded from grammar rules . . . 10
7.13.5 Logical expansion of grammar rules . . . 11
7.13.6 Definitions of grammar control constructs . . . 12
7.14 Grammar control constructs . . . 13
7.14.1 `[]//0` – empty terminal sequence . . . 13
7.14.2 `'.'//2` – terminal sequence . . . 13
7.14.3 `(',')//2` – concatenation . . . 13
7.14.4 `(;)//2` – alternative . . . 13
7.14.5 `(;)//2` with `(->)//2` – if-then-else . . . 14
7.14.6 `('|')//2` – second form of alternative . . . 14
7.14.7 `{}//1` – grammar body goal . . . 14
7.14.8 `call//1` . . . 15
7.14.9 `phrase//1` . . . 15
7.14.10 `!//0` – grammar body cut . . . 15
7.14.11 `(\+)//1` – grammar body not . . . 15
7.14.12 `(->)//2` – if-then . . . 16

8 Built-in predicates . . . 16
8.18 Grammar processing . . . 16
8.18.1 `phrase/3`, `phrase/2` . . . 16
