

# DIN EN 18184:2026-02 (E)

## Financial services - Specification of QR codes for mobile initiated (instant) credit transfers

---

| <b>Contents</b>  |  | <b>Page</b> |
|--|--|-------------|
| European foreword .....  |  | 3           |
| Introduction .....   |  | 4           |
| 1  | Scope .....  | 5           |
| 2  | Normative references .....   | 5           |
| 3  | Terms and definitions .....  | 5           |
| 4  | Symbols and abbreviated terms .....                                    | 8           |
| 5  | Interoperability of MCTs .....   | 9           |
| 6  | Standardization of QR codes for MCTs .....                             | 10          |
| 6.1  | General .....  | 10          |
| 6.2  | Minimum data set and QR code format for payee-presented QR codes ..... | 11          |
| 6.2.1  | General .....  | 11          |
| 6.2.2  | Minimum data sets .....  | 12          |
| 6.3  | Minimum data set and QR code format for payer-presented QR codes ..... | 13          |
| 6.3.1  | General .....  | 13          |
| 6.3.2  | Minimum data sets .....  | 13          |
| 6.4  | Standardized format of QR codes for MCTs .....                         | 14          |
| 6.4.1  | General .....  | 14          |
| 6.4.2  | Assumptions for the development of QR codes for MCTs .....             | 14          |
| 6.4.3  | QR codes for MCTs .....  | 15          |
| 6.5  | Coding of the QR code data fields .....                                | 16          |
| 6.5.1  | General .....  | 16          |
| 6.5.2  | Domain name .....  | 16          |
| 6.5.3  | Version .....  | 16          |
| 6.5.4  | Type .....   | 17          |
| 6.5.5  | MCT service provider ID .....  | 17          |
| 6.5.6  | Payload .....  | 17          |
| 6.5.7  | Interoperability .....   | 17          |
| 7  | Security aspects of QR codes and their data .....                      | 18          |
| 7.1  | General .....  | 18          |
| 7.2  | Payee-presented QR codes .....   | 18          |
| 7.3  | Payer-presented QR codes .....   | 19          |
| 7.4  | Additional security measures .....                                     | 19          |
| Annex A (informative) Examples of payload data in QR codes for MCTs .....                            |  | 20          |
| Annex B (informative) Examples of process flows for interoperability of MCTs based on QR codes ..... |  | 23          |
| Annex C (normative) QR code properties and quality assessment .....                                  |  | 34          |
| Bibliography .....   |  | 36          |
