Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Terms and definitions 1

4 Abbreviated terms 2

5 Commands for biometric verification processes 2
5.1 Commands to retrieve biometric information 2
5.2 Command for a static biometric verification process 3
5.3 Commands for a dynamic biometric verification process 3

6 Data elements 3
6.1 Biometric information 3
6.2 Biometric data 5
6.3 Verification requirement information 6

Annex A (informative) Biometric verification process 8

Annex B (informative) Examples for enrollment and verification 13

Annex C (informative) Biometric information data objects 19

Annex D (informative) Usage of Secure Messaging Templates 29
