|--|---|-------------|
| Foreword .....   |   | iv          |
| Introduction .....   |   | v           |
| 1  | Scope .....   | 1           |
| 2  | Normative references .....                              | 1           |
| 3  | Terms and definitions .....                             | 1           |
| 4  | Image data .....  | 2           |
| 5  | Data description and definition .....                   | 2           |
| 5.1  | Data set definition .....                               | 2           |
| 5.2  | Relationship between CIE XYZ and sRGB colour data ..... | 3           |
| 5.3  | Natural images .....                                    | 4           |
| 5.4  | Synthetic images .....                                  | 7           |
| 6  | Electronic data .....                                   | 12          |
| 6.1  | Image data characteristics .....                        | 12          |
| 6.2  | File structure .....                                    | 12          |
| Annex A (normative) Standard colour image digital data -- Guidance for use ..... |   | 14          |
| Annex B (normative) Check-sum data .....   |   | 16          |
| Annex C (informative) Typical TIFF file headers used for image data .....        |   | 18          |
| Annex D (informative) Text insertion .....                                       |   | 22          |
| Annex E (informative) Image evaluation and reproduction .....                    |   | 23          |
| Bibliography .....   |   | 25          |
