0 Introduction 1
1 Scope and Field of Application 1
2 References 1
3 Definitions 2
4 Notation 4
5 General description of security services and mechanisms 4
5.1 Overview 4
5.2 Security services 4
5.3 Specific security mechanisms 5
5.4 Pervasive security mechanisms 7
5.5 Illustration of relationship of security services and mechanisms 8
6 The relationship of services, mechanisms and layers 8
6.1 Security layering principles 8
6.2 Model of Invocation, Management and Use of Protected (N)-Services 9
7 Placement of security services and mechanisms 12
7.1 Physical layer 12
7.2 Data link layer 12
7.3 Network layer 12
7.4 Transport layer 14
7.5 Session layer 14
7.6 Presentation layer 14
7.7 Application layer 15
7.8 Illustration of relationship of security services and layers 16
8 Security management 17
8.1 General 17
8.2 Categories of OSI security management 17
8.3 Specific system security management activities 18
8.4 Security mechanism management functions 18

Annexes
A Background information on security in OSI 21
B Justification for security service placement in clause 7 29
C Choice of position of encipherment for applications. 32
