## Graphic technology - Extensible metadata platform (XMP) specification - Part 4: Use of XMP for semantic units

---

<b>Contents</b>		<b>Page</b>
Foreword .....		iv
Introduction .....		v
1	Scope .....	1
2	Normative references .....	1
3	Terms and definitions .....	1
4	Semantic unit .....	3
4.1	General .....	3
4.2	Types of semantic units .....	3
5	Defining and referencing semantic unit .....	5
5.1	Defining semantic units with target resources .....	5
5.2	Required Keywords .....	5
5.3	Simple valued XMP: selecting a target source resource .....	6
5.4	Array valued XMP: selecting a set of specific resources .....	6
5.4.1	General .....	6
5.4.2	Array values .....	6
5.4.3	Structure valued XMP properties .....	6
5.5	Identifying and dereferencing semantic unit .....	6
6	Serialization .....	6
Annex A (informative)	Use case - Digitized books .....	8
Annex B (informative)	Difference between XMP and the Web Annotation Model .....	12
Bibliography .....		13
