Document management applications - Specification for a digital safe

Contents

Page

Foreword v

Introduction vi

1 Scope 1

2 Normative references 1

3 Terms and definitions 1

4 Digital safe functional specifications 2
4.1 Key concepts 2
4.2 Implementation functions 3
4.3 Users management 3
4.3.1 General 3
4.3.2 General administrator (USR-G) 3
4.3.3 Functional administrator (USR-F) 4
4.3.4 Standard user (USR-S) 4
4.3.5 Management of functional administrator (USR-F) 4
4.3.6 Management of standard user (USR-S) 4
4.3.7 User management environment 4
4.4 Digital safe mandatory functions 4
4.5 Invoke functions parameters 5
4.5.1 General 5
4.5.2 Write function 5
4.5.3 Read function 6
4.5.4 Delete function 6
4.5.5 Read technical metadata function 6
4.5.6 Verify function 7
4.5.7 Read audit trail function 7
4.5.8 List function 7
4.5.9 Count function 7
4.6 Function results 8
4.6.1 General 8
4.6.2 Write function 8
4.6.3 Read function 8
4.6.4 Delete function 9
4.6.5 Read technical metadata function 9
4.6.6 Verify function 9
4.6.7 Read audit trail function 10
4.6.8 List function 10
4.6.9 Count function 10
4.6.10 Other functions 11
4.7 Metadata 11
4.7.1 Technical metadata 11
4.7.2 Additional metadata 11
4.8 Version control of DOs 11
4.9 Retention and disposal 11
4.9.1 Retention 11
4.9.2 Disposal 12
4.10 Secondary hosting 12
4.11 Backup 12

4.12 Storage technology 12
4.12.1 Storage technology used 12
4.12.2 Migration 12
4.13 Security of access, integrity and confidentiality of messages exchanged 13
4.14 Encryption 13
4.15 Date format 13
4.16 Audit trail 13

4.16.1 General 13
4.16.2 Audit trail related to DOs functions 13
4.16.3 Audit trail content 13
4.16.4 Audit trail implementation 14
4.17 Integrity of DOs and audit trails 14
4.17.1 Survey of integrity 14
4.17.2 Loss of integrity 14
4.18 Legal or regulatory requirements 15

5 Documentation 15
5.1 Technical manual 15
5.1.1 General 15
5.1.2 Minimum information 15
5.1.3 Operating and maintenance environment 16
5.2 System version 16
5.3 Installation, operation, and user manuals 17
5.4 Terminology 17

6 Implementation 17

Annex A (informative) Relation between this document and other standards dealing with archiving 18
