

# DIN EN 15430-1:2011-04 (E)

## Winter and road service area maintenance equipments - Data acquisition and transmission - Part 1: In vehicle data acquisition (includes Amendment A1:2011)

---

| <b>Contents</b>  |  | <b>Page</b> |
|--|--|-------------|
| Foreword .....   |  | 3           |
| Introduction .....   |  | 4           |
| 1 Scope .....  |  | 6           |
| 2 Normative references .....   |  | 6           |
| 3 Terms and abbreviations .....  |  | 6           |
| 4 Communication between vehicle/equipment and board-computer .....           |  | 7           |
| 4.1 General .....  |  | 7           |
| 4.2 Communication through RS232 .....  |  | 7           |
| 4.2.1 RS232 interface on vehicle/equipment "Data transmission handler" ..... |  | 7           |
| 4.2.2 RS232 interface on "Board-computer" .....                              |  | 7           |
| 4.2.3 Communication protocol .....   |  | 8           |
| 5 Definitions of variables, records and report .....                         |  | 12          |
| 5.1 General .....  |  | 12          |
| 5.2 Data integrity check .....   |  | 12          |
| 5.3 Variable types .....   |  | 13          |
| 5.4 Recommended SLOTS for variable definitions .....                         |  | 16          |
| 5.5 Definition of variables .....  |  | 19          |
| 5.5.1 General .....  |  | 19          |
| 5.5.2 General variables .....  |  | 20          |
| 5.5.3 General geographic position system variables .....                     |  | 21          |
| 5.5.4 General vehicle and route variables .....                              |  | 22          |
| 5.5.5 General road weather and road condition variables .....                |  | 22          |
| 5.5.6 Plough / Broom variables .....   |  | 23          |
| 5.5.7 Snow blower or cutter variables .....                                  |  | 24          |
| 5.5.8 Spreader / sprayer variables .....                                     |  | 24          |
| 5.5.9 Grass or branch cutting machine variables .....                        |  | 27          |
| 5.5.10 Sweeper variables .....   |  | 28          |
| 5.5.11 Safety post cleaning machine variables .....                          |  | 29          |
| 5.5.12 Boat plants cutter variables .....                                    |  | 30          |
| 5.6 Definition of records .....  |  | 30          |
| 5.6.1 General .....  |  | 30          |
| 5.6.2 Time synchronisation record (record code 0) .....                      |  | 31          |
| 5.6.3 Standard header record (record code 1) .....                           |  | 32          |
| 5.6.4 Standard footer record (record code 2) .....                           |  | 33          |
| 5.6.5 Trigger conditions for record code 3 and higher .....                  |  | 33          |
| 5.6.6 Geographic position data record (record code 3) .....                  |  | 34          |
| 5.6.7 Vehicle and route data record (record code 4) .....                    |  | 35          |
| 5.6.8 Weather and road condition data record (record code 5) .....           |  | 37          |
| 5.6.9 Snowplough / broom data record (record code 6 / 7) .....               |  | 38          |
| 5.6.10 Spreader / sprayer data record (record code 8) .....                  |  | 40          |
| 5.6.11 Snow blower / cutter data record (record code 9) .....                |  | 42          |
| 5.6.12 Grass / branch cutter data record (record code 10) .....              |  | 44          |
| 5.6.13 Sweeper data record (record code 11) .....                            |  | 46          |
| 5.6.14 Safety post cleaning machine data record (record code 12) .....       |  | 48          |
| 5.6.15 Boat plants cutter data record (record code 13) .....                 |  | 49          |

|        |   |    |
|--------|---|----|
| 5.6.16 | Free definable data record (record code 10000 and higher) ..... | 50 |
| 5.7    | Report definition .....   | 51 |
|        | Bibliography .....  | 52 |
