

DIN EN 1501-4:2023-07 (E)

Refuse collection vehicles - General requirements and safety requirements - Part 4: Noise test code for refuse collection vehicles

Contents		Page
European foreword		3
Introduction		5
1	Scope	6
2	Normative references	6
3	Terms and definitions	7
4	Determination of the A-weighted emission sound pressure level(s) at working station(s) ...	8
4.1	General	8
4.2	Measurement positions	8
4.2.1	Working station(s) outside the cab	8
4.2.2	Working station(s) in the cab	9
5	Determination of the A-weighted sound power level	10
5.1	General	10
5.2	Travel cycle	10
5.2.1	Travel path	10
5.2.2	Measuring path	11
5.3	Microphone positions	12
6	Installation and operating conditions	14
6.1	Installation conditions	14
6.2	Operating conditions	14
6.2.1	General operating conditions	14
6.2.2	Specific operating conditions for the emission sound pressure level(s) at working station(s) measurement	15
6.2.3	Specific operating conditions for the sound power level measurement	15
7	Measurement uncertainties	16
7.1	Measurement of emission sound pressure level(s) at working station(s)	16
7.2	Measurement of sound power level	16
8	Information to be recorded and reported	16
9	Information for use, noise emission declaration and labelling	17
9.1	Information for use including noise emission declaration and sales literature	17
9.2	Labelling	18
Annex A (informative) Test report form		19
Annex ZA (informative) Relationship between this European Standard and the Essential Requirements of EU Directive 2006/42/EC		22
