## Aerospace - Hydraulic fluid components - Expression of particulate contamination levels

---

<b>Contents</b>		<b>Page</b>
Foreword .....		iv
Introduction .....		v
1	Scope .....	1
2	Normative references .....	1
3	Terms and definitions .....	1
4	Principle .....	3
5	Characteristics of the component .....	3
5.1	General .....	3
5.2	Determination of the wetted volume .....	3
5.3	Particulate contamination extraction .....	4
6	Expression of results .....	4
6.1	Required preliminary data .....	4
6.2	Presentation of the results .....	4
6.3	Example .....	6
Annex A (informative) Relating wetted volume to wetted surface area of components .....		7
Annex B (informative) Typical component particulate contamination analysis report .....		8
Bibliography .....		10
