Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Terms and definitions 1

4 Graphic symbols and circuit diagrams 2

5 Test equipment and supplies 2

6 Accuracy of measurements and test conditions 4

7 Test procedure 4

8 Acceptance criteria 6

9 Data presentation 6

10 Identification statement 6

Annex A (informative) Flow fatigue test data report form 7
