## Aerospace series - Dynamic testing of the locking behaviour of bolted connections under transverse loading conditions (vibration test)

---

<b>Contents</b>		<b>Page</b>
Foreword .....		iv
1	Scope .....	1
2	Normative references .....	1
3	Terms and definitions .....	1
4	Test principle .....	2
5	Apparatus .....	3
5.1	Schematic overview of components .....	3
5.2	Test machine description .....	3
5.3	Apparatus requirements .....	4
6	Test procedure .....	4
7	Test settings .....	5
8	Evaluation .....	8
9	Documentation .....	9
Bibliography .....		11
