Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Termsanddefinitions 1

4 Symbols and abbreviated terms 2

5 Requirements 2
5.1 Launch interface 2
5.2 Safety 2
5.3 Main payload, adjacent payload(s), and launcher harmlessness 3
5.3.1 Separation 3
5.3.2 Outgassing 3
5.3.3 Dummy specimen 3
5.3.4 Power state, radio transmission and deployable mechanism 3
5.3.5 Radio Frequency Compatibility 3
5.4 Debris mitigation 3
5.5 Use of radio frequencies 3
5.6 UN registration 4
5.7 Verification for design and manufacturing 4
5.8 CubeSat 4
5.9 Release from ISS 4

6 Verification 4
