

Contents

	Foreword
	Introduction
1	Scope
2	Normative references
3	Terms and definitions
4	General requirements
4.1	General
4.2	Operating life
4.3	Illuminance distribution
4.4	Countermeasure for ultraviolet rays
4.5	Electromagnetic interference
4.6	Colour
4.7	Environmental condition
4.8	Countermeasure for collision
4.9	Electrical power source
5	Quality assurance provisions
5.1	Performance characteristics
5.1.1	General
5.1.2	Illuminance performance
5.1.3	Colour
5.1.4	Operating life
5.2	Electrical characteristics
5.2.1	General
5.2.2	Electromagnetic interference
5.2.3	Electrical power source
5.3	Mechanical and thermal characteristics
5.3.1	General
5.3.2	Environmental condition
5.3.3	Thermal analysis
