## Vertiports - Infrastructure and equipment for vertical take-off and landing (VTOL) of electrically powered cargo unmanned aircraft systems (UAS)

---

<b>Contents</b>		<b>Page</b>
Foreword .....		iv
Introduction .....		v
1	Scope .....	1
2	Normative references .....	1
3	Terms and definitions .....	1
4	Abbreviated terms .....	3
5	Requirements for the vertiport, under the responsibility of the manufacturer .....	4
5.1	Design .....	4
5.1.1	Functional requirements .....	4
5.1.2	System reliability and conditions .....	5
5.1.3	Accommodation of the cargo .....	5
5.2	Ensuring safety .....	6
5.2.1	System reliability .....	6
5.3	Communication .....	6
5.4	Log .....	7
5.5	Quality control .....	8
5.6	Instruction manual .....	8
5.7	Ensuring safety .....	9
6	Requirement for the VIS under the responsibility of the VIS SP .....	9
6.1	Design .....	9
6.1.1	General .....	9
6.1.2	Departure .....	10
6.1.3	Approach .....	10
6.1.4	Accommodation .....	10
6.2	Ensuring safety .....	10
6.3	Communication .....	11
6.4	Instruction manual .....	11
