Foreword v

Introduction vi

1 Scope 1

2 Normative references 1

3 Terms and definitions 1

4 Abbreviated terms 4

5 Safety and security 6
5.1 General 6
5.2 Safety 6
5.2.1 Safety policy 6
5.2.2 Requirements for operators conducting UAS operations in open category 6
5.2.3 Additional requirements for operators conducting UAS operations in specific category 7
5.2.4 Additional requirements for operators conducting UAS operations in certified category and for C2CSP 8
5.2.5 Tasks of the COMO 8
5.2.6 Tasks of the SAFO 9
5.3 Security 10
5.3.1 Requirements for operators conducting UAS operations in open category 10
5.3.2 Additional requirements for operators conducting UAS operations in the specific category 10
5.3.3 Additional requirements for operators conducting UAS operations in the certified category or equivalent and for C2CSP 11
5.3.4 Tasks of the SECO 12

6 Data protection -- Operator requirements 12

7 UAS operator 13
7.1 Documentation 13
7.1.1 Documents held by the UAS operator 13
7.1.2 Documents to be available at the point of operations 14
7.2 Insurance 14

8 Airspace 14
8.1 Compliance with airspace regulations 14
8.2 Airspace information 14
8.3 Operations above 500 ft (150 m) 15
8.4 Special zones at very high flight levels (FL) 600 15
8.5 Registration 15
8.6 UA identification 15
8.7 Compatibility 15

9 Operations 15
9.1 Flight operations 15
9.2 Operational plan -- Flight planning 16
9.3 Flight preparation 16
9.3.1 Pre-flight inspections 16

9.3.2 Communication planning 17
9.4 In flight operations 18
9.4.1 Responsibilities of the remote pilot in command (RPIC) 18
9.4.2 Operational limitations 18
9.4.3 Transfer of functions and responsibilities 18
9.4.4 Multiple UA operation 19
9.4.5 Autonomous operations 19
9.4.6 Communication and airborne functions for UTM 20

9.4.7 Operations at night 20
9.4.8 Surface or ground operations 21
9.4.9 Journey log 21
9.4.10 Contingency and emergency procedures 22
9.5 External services 22
9.5.1 UAS functions interacting with UTM 22
9.5.2 Oversight of contracted service providers 22
9.5.3 C2 communication service provider (C2CSP) 23
9.6 Personnel qualification and management 26
9.6.1 General 26
9.6.2 Fleet manager (FM) and flight operations officer (FOO) -- Tasks 27
9.6.3 Visual observers (VO) -- Tasks 29
9.6.4 Competence 30
9.6.5 Currency 32
9.6.6 Qualification and training 32

10 Maintenance 33
10.1 General 33
10.2 Hardware updates 33
10.3 Software updates 34
10.4 Service release 34
10.5 Configuration management 34

11 Conflictmanagement 34
11.1 General 34
11.2 Separation provision and collision avoidance 34
11.3 Operational procedure 35

Annex A (normative) Privacy etiquette 40

Annex B (informative) External services 41

Annex C (informative) Levels of automation 42
