DIN 53019-3:2008-09 (E)

Viscometry - Measurement of viscosities and flow curves by means of rotational viscometers - Part 3: Measurement errors and corrections

Contents

Page

Foreword 3

1 Scope 3

2 Normative references 4

3 Terms and definitions 4

4 Symbols and units 4

5 System-independent errors 5

6 Measurement errors when using cylinder systems 9

7 Cone-and-plate system errors 16

8 Parallel-plate system errors 18

9 Other application-dependent errors 18

Annex A (informative) Calculation of frictional heat effects in the measurement gap of cylindrical systems 19
