|-----------------|-----------------------------------|-------------|
| Foreword .....  |                                   | 3           |
| 1               | Scope .....                       | 4           |
| 2               | Normative reference .....         | 4           |
| 3               | Principle .....                   | 4           |
| 4               | Apparatus .....                   | 4           |
| 5               | Test piece .....                  | 4           |
| 5.1             | Shape and dimensions .....        | 4           |
| 5.2             | Samples showing orientation ..... | 5           |
| 5.3             | Number .....                      | 5           |
| 6               | Procedure .....                   | 5           |
| 7               | Expression of results .....       | 5           |
| 7.1             | Loss in thickness .....           | 5           |
| 7.2             | Loss in hardness .....            | 5           |
| 8               | Test report .....                 | 5           |
