ISO 124:2008-09 (E)

Latex, rubber - Determination of total solids content

Contents

Page

Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Principle 1

4 Apparatus 1

5 Sampling 2

6 Procedure 2
6.1 General 2
6.2 Heating at atmospheric pressure (70 °C) -- Natural and synthetic rubber latex 2
6.3 Heating at atmospheric pressure (105 °C) -- Synthetic rubber latex 2
6.4 Heating at atmospheric pressure (up to 160 °C) -- Synthetic rubber latex 2
6.5 Heating at reduced pressure -- Synthetic rubber latex 2

7 Expression of results 3

8 Precision 3

9 Test report 3

Annex A (informative) Drying conditions for synthetic latices at atmospheric pressure 4

Annex B (informative) Precision 5
