

DIN EN ISO 17234-1:2010-06 (E)

Leather - Chemical tests for the determination of certain azo colorants in dyed leathers - Part 1: Determination of certain aromatic amines derived from azo colorants (ISO 17234-1:2010)

Contents		Page
Foreword		3
1	Scope	4
2	Normative references	4
3	General	4
4	Principle	6
5	Safety precautions	6
6	Apparatus	6
7	Reagents	7
8	Sampling and preparation of samples	7
9	Procedure	8
9.1	Degreasing	8
9.2	Reductive cleavage	8
9.3	Liquid-liquid extraction	8
9.4	Check of the analytical system	8
10	Calibration	8
11	Chromatographic analyses	9
11.1	General	9
11.2	Chromatographic analyses for quantitative and qualitative detection: High-performance liquid chromatography (HPLC)	9
11.3	Chromatographic analyses for qualitative detection	9
12	Evaluation	10
13	Analysis report	11
14	Precision of the method	11
