Annex A (informative) Results of interlaboratory study		11
Annex B (informative) Wavelength and working range		16
Annex C (informative) Possible interferences and their elimination		18
Annex D (informative) Information regarding the evaluation of the uncertainty of the mean value		21
Annex E (informative) Commercial certified reference materials		22
Annex F (informative) Information regarding the validation of an analytical method based on liquid standards at the example of SiC and graphite		23
