ISO 28600:2011-07 (E)

Surface chemical analysis - Data transfer format for scanning-probe microscopy

Contents

Page

Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Description of the format 1
3.1 General 1
3.2 The components of the meta-language 2
3.3 Basic structure 2
3.4 Header structure 2
3.5 Basic definitions of the common terms 3
3.6 Definitions of header items 3
3.7 Data array conventions for mapping 9
3.8 Measurement geometry 11

Annex A (informative) Spatial geometry and types of scanner 12

Annex B (informative) Data acquisition geometry 15

Annex C (informative) Annotated examples of the data format 16

Annex D (informative) Examples of the data format 26

Bibliography 27
