

ISO 28600:2011-07 (E)

Surface chemical analysis - Data transfer format for scanning-probe microscopy

| Contents | | Page |
|--------------------|--|-------------|
| Foreword | | iv |
| Introduction | | v |
| 1 | Scope | 1 |
| 2 | Normative references | 1 |
| 3 | Description of the format | 1 |
| 3.1 | General | 1 |
| 3.2 | The components of the meta-language | 2 |
| 3.3 | Basic structure | 2 |
| 3.4 | Header structure | 2 |
| 3.5 | Basic definitions of the common terms | 3 |
| 3.6 | Definitions of header items | 3 |
| 3.7 | Data array conventions for mapping | 9 |
| 3.8 | Measurement geometry | 11 |
| | Annex A (informative) Spatial geometry and types of scanner | 12 |
| | Annex B (informative) Data acquisition geometry | 15 |
| | Annex C (informative) Annotated examples of the data format | 16 |
| | Annex D (informative) Examples of the data format | 26 |
| | Bibliography | 27 |
