

ISO 28600:2011-07 (E)

Surface chemical analysis - Data transfer format for scanning-probe microscopy

Contents	Page
Foreword	iv
Introduction	v
1 Scope	1
2 Normative references	1
3 Description of the format	1
3.1 General	1
3.2 The components of the meta-language	2
3.3 Basic structure	2
3.4 Header structure	2
3.5 Basic definitions of the common terms	3
3.6 Definitions of header items	3
3.7 Data array conventions for mapping	9
3.8 Measurement geometry	11
Annex A (informative) Spatial geometry and types of scanner	12
Annex B (informative) Data acquisition geometry	15
Annex C (informative) Annotated examples of the data format	16
Annex D (informative) Examples of the data format	26
Bibliography	27
