## Rubber compounding ingredients - Organic vulcanizing agents - Determination of organic peroxide content

---

| <b>Contents</b>              |  | <b>Page</b> |
|------------------------------|--|-------------|
| Foreword .....               |  | iv          |
| <b>1</b>                     | <b>Scope .....</b>   | <b>1</b>    |
| 1.1                          | Titration method A for group a) peroxyketals .....                                     | 1           |
| 1.2                          | Titration method B for group b) diacyl peroxides .....                                 | 1           |
| 1.3                          | Titration method C for group c) diaralkyl and alkyl-aralkyl peroxides .....            | 1           |
| 1.4                          | Capillary gas-chromatography for dialkyl peroxides .....                               | 1           |
| <b>2</b>                     | <b>Normative references .....</b>  | <b>1</b>    |
| <b>3</b>                     | <b>Terms and definitions .....</b>   | <b>2</b>    |
| <b>4</b>                     | <b>Titration method A .....</b>  | <b>2</b>    |
| 4.1                          | Purpose .....  | 2           |
| 4.2                          | Principle .....  | 2           |
| 4.3                          | General procedure .....  | 3           |
| 4.4                          | Expression of results .....  | 3           |
| <b>5</b>                     | <b>Titration method B .....</b>  | <b>4</b>    |
| 5.1                          | Purpose .....  | 4           |
| 5.2                          | Principle .....  | 4           |
| 5.3                          | General procedure .....  | 5           |
| 5.4                          | Expression of results .....  | 5           |
| <b>6</b>                     | <b>Titration method C .....</b>  | <b>6</b>    |
| 6.1                          | Purpose .....  | 6           |
| 6.2                          | Principle .....  | 6           |
| 6.3                          | Reagents .....   | 6           |
| 6.4                          | Apparatus .....  | 7           |
| 6.5                          | Sample pre-treatment .....   | 7           |
| 6.6                          | Procedure .....  | 7           |
| 6.7                          | Expression of results .....  | 8           |
| <b>7</b>                     | <b>Determination of the assay of 2,5-dimethyl-2,5-di(tert-butylperoxy)hexane .....</b> | <b>9</b>    |
| 7.1                          | Purpose .....  | 9           |
| 7.2                          | Principle .....  | 9           |
| 7.3                          | Reagents .....   | 9           |
| 7.4                          | Apparatus .....  | 9           |
| 7.5                          | Conditions .....   | 9           |
| 7.6                          | Procedure .....  | 10          |
| 7.7                          | Expression of results .....  | 11          |
| <b>8</b>                     | <b>Precision .....</b>   | <b>11</b>   |
| <b>9</b>                     | <b>Test report .....</b>   | <b>11</b>   |
| <b>Annex A (informative)</b> | <b>Method to determine the content of peroxyketal .....</b>                            | <b>12</b>   |
| <b>Annex B (normative)</b>   | <b>Method to determine the content of tert-butyl hydroperoxide .....</b>               | <b>16</b>   |
| <b>Annex C (informative)</b> | <b>Method to determine the content of diacyl peroxides .....</b>                       | <b>20</b>   |

|  |           |
|--|-----------|
| <b>Annex D (normative) Sample preparation for the determination of peroxide in peroxide masterbatches .....</b>                                    |           |
| <b>Annex E (normative) Sample preparation for the determination of alkyl-aralkyl peroxide on polymers.26 Annex F (informative) Precision .....</b> | <b>28</b> |
| <b>Bibliography .....</b>  | <b>33</b> |
