## Monolithic (unshaped) refractory products - Part 1: Introduction and classification (ISO 1927-1:2012)

---

<b>Contents</b>		<b>Page</b>
Foreword .....		3
Introduction .....		4
1	Scope .....	5
2	Normative references .....	5
3	Terms and definitions .....	5
4	Product types and methods of placement .....	6
4.1	Refractory castables .....	6
4.2	Refractory gunning materials .....	7
4.3	Refractory ramming materials .....	7
4.4	Refractory jointing materials .....	7
4.5	Other monolithic (unshaped) refractory products .....	7
5	Type of chemical composition .....	8
5.1	Alumina-silica products .....	8
5.2	Basic products .....	8
5.3	Special products .....	8
5.4	Carbon-containing products .....	8
6	Classification .....	8
6.1	General .....	8
6.2	Main raw material .....	8
6.3	Classification temperature .....	9
7	Designation of a monolithic (unshaped) refractory material .....	10
Bibliography .....		13
