

DIN EN ISO 1927-8:2013-04 (E)

Monolithic (unshaped) refractory products - Part 8: Determination of complementary properties (ISO 1927-8:2012)

Contents		Page
Foreword		3
1	Scope	4
2	Normative references	4
3	Principle	4
4	Determination of permeability to gases	5
	4.1 Principle	5
	4.2 Test pieces	5
	4.3 Procedure	5
5	Determination of the resistance to thermal shock	5
	5.1 Principle	5
	5.2 Test pieces	5
	5.3 Procedure	5
6	Determination of thermal conductivity	6
	6.1 Principle	6
	6.2 Test pieces	6
	6.3 Procedure	6
7	Determination of sulfuric acid resistance	6
	7.1 Principle	6
	7.2 Test pieces	6
	7.3 Procedure	6
8	Tests for products containing carbon	6
	8.1 Principle	6
	8.2 Test pieces	7
	8.3 Procedure	7
9	Determination of the resistance to carbon monoxide	7
10	Determination of resistance to abrasion at ambient temperature	7
11	Test report	7
