DIN EN 13477-1:2013-11 (E)

Non destructive testing - Acoustic emission - Equipment characterisation - Part 1: Equipment description

Contents

Page

Foreword 3

1 Scope 4

2 Normative references 4

3 Terms and definitions 4

4 Detection 4
4.1 Sensing element 4
4.2 Sensor case 5
4.3 Sensor characteristics 5

5 Signal conditioning 5
5.1 Preamplifier 6
5.2 Cables 6
5.3 Post-amplification and frequency filtering 6

6 Signal measurement 6
6.1 Continuous signal 6
6.2 Burst signal 7
6.3 Waveform 7

7 Analysis and output of results 8

8 Automated system 8
8.1 Automated analysis 8
8.2 Feedback to a control or alarm system 8
