| Foreword .....     |   | 3           |
| Introduction ..... |   | 4           |
| 1                  | Scope .....                                   | 5           |
| 2                  | Normative references .....                    | 5           |
| 3                  | Principle .....                               | 5           |
| 4                  | Reagents .....                                | 5           |
| 5                  | Apparatus .....                               | 6           |
| 6                  | Sampling .....                                | 8           |
| 7                  | Preparation of calibration solutions .....    | 8           |
| 7.1                | General .....                                 | 8           |
| 7.2                | Internal Standard solution .....              | 8           |
| 7.3                | Calibration solutions .....                   | 8           |
| 7.4                | Calibration check solution .....              | 9           |
| 8                  | Calibration .....                             | 9           |
| 8.1                | General .....                                 | 9           |
| 8.2                | Calibration of the ICP OES spectrometer ..... | 9           |
| 8.3                | Procedure A .....                             | 10          |
| 8.4                | Procedure B .....                             | 10          |
| 8.5                | Check of calibration .....                    | 10          |
| 9                  | Sample analysis .....                         | 11          |
| 9.1                | Sample preparation .....                      | 11          |
| 9.2                | Sample measurement .....                      | 11          |
| 10                 | Calculation .....                             | 12          |
| 11                 | Expression of result .....                    | 12          |
| 12                 | Precision .....                               | 12          |
| 12.1               | General .....                                 | 12          |
| 12.2               | Repeatability .....                           | 12          |
| 12.3               | Reproducibility .....                         | 12          |
| 13                 | Test report .....                             | 13          |
| Bibliography ..... |   | 14          |
