

ISO 15932:2013-12 (E)

Microbeam analysis - Analytical electron microscopy - Vocabulary

Contents		Page
Foreword		iv
Introduction		v
0	Scope	1
1	Abbreviated terms	1
2	Definitions of terms used in the physical basis of AEM	2
3	Definitions of terms used in AEM instrumentation	5
4	Definitions of terms used in specimen preparation of AEM	10
5	Definitions of terms used in AEM image formation and processing	11
6	Definitions of terms used in AEM image interpretation and analysis	13
7	Definitions of terms used in the measurement and calibration of AEM image magnification and resolution	17
8	Definitions of terms used in electron diffraction in AEM	18
Bibliography		21
