DIN EN ISO 10275:2014-08 (E)

Metallic materials - Sheet and strip - Determination of tensile strain hardening exponent (ISO 10275:2007)

Contents

Page

Foreword 3

Introduction 4

1 Scope 5

2 Normative references 5

3 Symbols and designations 5

4 Principle 7

5 Test equipment 7

6 Test pieces 7

7 Procedure 7

8 Test report 12

Annex A (informative) International comparison of symbols used in the determination of the tensile strain hardening exponent 13
