| Foreword .....   |  | 3           |
| Introduction .....                                     |  | 4           |
| 1 Scope .....  |  | 5           |
| 2 Normative references .....                           |  | 5           |
| 3 Terms and definitions .....                          |  | 5           |
| 4 Symbols and abbreviated terms .....                  |  | 6           |
| 4.1 Symbols .....                                      |  | 6           |
| 4.2 Abbreviated terms .....                            |  | 6           |
| 5 Principle .....                                      |  | 7           |
| 6 Reagents .....                                       |  | 7           |
| 7 Apparatus .....                                      |  | 7           |
| 8 Preparation of the test sample .....                 |  | 8           |
| 9 Procedure .....                                      |  | 8           |
| 9.1 Digestion .....                                    |  | 8           |
| 9.2 Detection methods .....                            |  | 10          |
| 9.3 Calibration of the apparatus .....                 |  | 10          |
| 9.4 Analysis of digests .....                          |  | 10          |
| 9.5 Blank test .....                                   |  | 10          |
| 10 Calculations .....                                  |  | 11          |
| 11 Performance characteristics .....                   |  | 11          |
| 12 Test report .....                                   |  | 11          |
| Annex A (informative) List of conversion factors ..... |  | 13          |
| Annex B (informative) Performance data .....           |  | 14          |
| Bibliography .....                                     |  | 17          |
