ISO 14707:2015-03 (E)

Surface chemical analysis - Glow discharge optical emission spectrometry (GD-OES) - Introduction to use

Contents

Page

Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Termsanddefinitions 1

4 Principle 2

5 Apparatus 2
5.1 Glow discharge optical emission source 2
5.2 Optical unit 5
5.3 Photoelectric detectors and measuring devices 5

6 Procedure 6
6.1 Verification tests of apparatus 6
6.1.1 General 6
6.1.2 Glow discharge source 7
6.1.3 Optical unit and electric measuring device 7
6.2 Determination 7
6.2.1 General 7
6.2.2 Preparation of the required calibration specimens 7
6.2.3 Setting up of measuring conditions and analysis of specimens 8
6.2.4 Quality check of results 8
6.2.5 Test report 8

Annex A (informative) Safety 10
