DIN EN ISO 15257:2017-09 (E)

Cathodic protection - Competence levels of cathodic protection persons - Basis for a certifica tion scheme (ISO 15257:2017)

Contents

Page

European foreword ... **3**

Foreword ... **4**

Introduction ... **5**

1 Scope ... **6**

2 Normative references ... **6**

3 Terms and definitions ... **6**

4 Levels of competence ... **8**
4.1 General ... 8
4.2 Level 1, cathodic protection data collector (or tester) ... 8
4.3 Level 2, cathodic protection technician ... 8
4.4 Level 3, cathodic protection senior technician ... 8
4.5 Level 4, cathodic protection specialist ... 9
4.6 Level 5, cathodic protection expert ... 9
4.7 Designation of competence levels ... 9

5 Application sectors ... **9**
5.1 General ... 9
5.2 On-land metallic structures ... 10
5.3 Marine metallic structures ... 10
5.4 Reinforced concrete structures ... 11
5.5 Inner surfaces of metallic structures containing an electrolyte ... 11

6 Requirements for competence of persons at various levels and for various applications sectors ... **11**
6.1 General ... 11
6.2 Knowledge required for all application sectors and all levels ... 12
6.3 Tasks to be fulfilled in all application sectors for Levels 1 to 4 ... 12
6.4 Specific tasks for on-land metallic structures application sector for Levels 1 to 4 ... 15
6.5 Specific tasks for marine metallic structures application sector for Levels 1 to 4 ... 17
6.6 Specific tasks for reinforced concrete structures application sector for Levels 1 to 4 ... 19
6.7 Specific tasks for inner surfaces of metallic structures application sector for Levels 1 to 4 ... 20
6.8 Requirements for Level 5 CP persons ... 21

Annex A (normative) **Certification scheme: Eligibility for competence assessment for Levels 1 to 4** ... **22**

Annex B (normative) **Certification scheme: Examination and assessment** ... **27**

Annex C (normative) **Certification scheme: Certificate, validity, re-certification, transition periods** ... **32**

Bibliography ... **35**
