ISO 127:2018 (E)

Rubber, natural latex concentrate — Determination of KOH number

Contents

Foreword

1 Scope

2 Normative references

3 Terms and definitions

4 Reagents

5 Apparatus

6 Sampling

7 Procedure

8 Expression of results

9 Precision

10 Test report

Annex A (informative) Determination of formaldehyde

- A.1 General
- A.2 Reagents
- A.3 Procedure
- A.4 Expression of results

Annex B (informative) Example of a typical titration and calculation of the end-point

Annex C (informative) Precision data

- C.1 Background
- C.2 Repeatability
- C.3 Reproducibility
- C.4 Bias
