# DIN EN ISO 4545-1:2019-09 (E)

## Metallic materials - Knoop hardness test - Part 1: Test method (ISO 4545-1:2017)

## Contents

Page

B.3.2 Procedure without bias (method M2) ....19
B.4 Expression of the result of measurement ....20

Annex C (informative) Knoop hardness measurement traceability ....24

C.1 Traceability definition ....24
C.2 Chains of calibrations ....24
C.3 Knoop hardness reference ....25
C.4 Practical issues ....25
C.5 Knoop hardness measurement traceability ....26
C.5.1 General ....26
C.5.2 Calibration level traceability ....26
C.5.3 User level traceability ....26

Annex D (informative) CCM -- Working group on hardness ....28

Annex E (informative) Adjustment of Köhler illumination systems ....29

E.1 General ....29
E.2 Köhler illumination ....29
