

# DIN EN 17035:2021-12 (E)

## Surface active agents - Bio-based surfactants - Requirements and test methods

---

<b>Contents</b>		<b>Page</b>
European foreword .....		3
Introduction .....		4
1	Scope .....	6
2	Normative references .....	6
3	Terms and definitions .....	7
4	Generalities on surfactants .....	7
5	Performance of surfactants .....	8
5.1	Generalities related to performance .....	8
5.2	Technical performance properties .....	8
5.2.1	General .....	8
5.2.2	Chemical composition .....	8
5.2.3	Solubility .....	9
5.2.4	Surface and interfacial tension .....	9
5.2.5	Foaming power .....	9
5.2.6	Wetting performance .....	9
5.2.7	Emulsion power .....	10
6	Health, safety and environmental requirements .....	10
7	Bio-based content .....	10
7.1	Generalities .....	10
7.2	Surfactant classification .....	11
7.3	Analytical approach .....	12
8	Sustainability .....	12
9	End of life .....	12
10	Declaration and product labelling .....	13
Annex A (informative)	Sub-sampling procedure .....	14
Bibliography .....		15
