| European foreword .....                                                                                       | 3           |
| Introduction .....                                                                                            | 4           |
| 1 Scope .....                                                                                                 | 5           |
| 2 Normative references .....                                                                                  | 5           |
| 3 Terms and definitions .....                                                                                 | 5           |
| 4 Principle .....                                                                                             | 7           |
| 5 Test arrangement .....                                                                                      | 7           |
| 5.1 Test facilities .....                                                                                     | 7           |
| 5.2 Equipment .....                                                                                           | 7           |
| 5.3 Mounting of the specimens .....                                                                           | 8           |
| 6 Test procedure .....                                                                                        | 8           |
| 7 Evaluation of results .....                                                                                 | 9           |
| 8 Precision .....                                                                                             | 9           |
| 9 Expression of results .....                                                                                 | 10          |
| 10 Test report .....                                                                                          | 10          |
| Annex A(informative) Presentation of the walking noise spectrum with uncertainty bars (example) .             | 11          |
| Annex B(normative) Reference spectrum for laboratory bare floors .....                                        | 12          |
| Annex C(informative) Fixing the pads below the tapping machine .....                                          | 13          |
| Annex D(informative) Background of the measuring method .....                                                 | 14          |
| Annex E(informative) Calculation of perceived walking loudness on floor coverings installed<br>floating ..... | 16          |
| Bibliography .....                                                                                            | 18          |
