

### Contents

	Foreword
	Introduction
1	Scope
2	Normative references
3	Terms and definitions
3.1	Basic terms used in the description of carbon nano-objects
3.2	Terms describing specific types of carbon nanoparticles
3.3	Terms describing specific types of carbon nanofibres and nanoplates
3.4	Terms describing nanostructured carbon nano-objects
Annex A	(informative) Related carbon nanoscale materials
A.1	General
A.2	Diamond nanoparticles and related structures
A.3	Carbon films
