<b>Contents</b>		<b>Page</b>
Foreword .....		iv
Introduction .....		v
1	Scope .....	1
2	Normative references .....	2
3	Principle .....	2
4	Materials .....	2
5	Apparatus .....	2
6	Procedure .....	4
6.1	Gas chromatographic operating conditions .....	4
6.2	Performance requirements -- Peak resolution .....	7
6.3	Determination -- Outline of the analysis .....	8
7	Expression of results .....	8
7.1	Calculation .....	8
7.2	Precision and accuracy .....	8
8	Test report .....	8
Annex A (informative) Procedure for setting valve timings and restriction setting .....		9
Annex B (informative) Final time .....		10
Annex C (informative) Typical precision values .....		11
Bibliography .....		12
