	Contents	Page
Foreword .....	iv	
Introduction .....	v	
1 Scope .....	1	
2 Normative references .....	2	
3 Principle .....	2	
4 Materials .....	2	
5 Apparatus .....	2	
6 Procedure .....	4	
6.1 Gas chromatographic operating conditions .....	4	
6.2 Performance requirements -- Peak resolution .....	7	
6.3 Determination -- Outline of the analysis .....	8	
7 Expression of results .....	8	
7.1 Calculation .....	8	
7.2 Precision and accuracy .....	8	
8 Test report .....	8	
Annex A (informative) Procedure for setting valve timings and restriction setting .....	9	
Annex B (informative) Final time .....	10	
Annex C (informative) Typical precision values .....	11	
Bibliography .....	12
