

# ISO 13937-4:2000-04 (E)

Textiles \_- Tear properties of fabrics \_- Part \_4: Determination of tear force of tongue-shaped test specimens (Double tear test)

---

## Contents

Foreword .....	v
Introduction.....	vi
1      Scope .....	1
2      Normative references .....	1
3      Terms and definitions .....	1
4      Principle .....	2
5      Sampling .....	2
6      Apparatus.....	2
7      Atmosphere for conditioning and testing .....	3
8      Preparation of test specimens.....	3
9      Procedure .....	5
10     Calculation and expression of results .....	6
11     Test report.....	7
Annex A (informative) Suggested procedure for sampling.....	8
Annex B (informative) Example of pattern for cutting out test specimens from the laboratory sample....	9
Annex C (informative) Sample calculation of tear force .....	10
Bibliography.....	11
