Foreword .....		iv
1	Scope .....	1
2	Normative references .....	1
3	Terms and definitions .....	1
4	Principle .....	1
5	Reagents .....	1
6	Apparatus .....	2
7	Preparation of sample .....	3
7.1	Sampling .....	3
7.2	Extraction .....	3
8	Determination with GC-MS .....	3
8.1	Calibration standard .....	3
8.2	Examples of instrumental method .....	3
9	Expression of results - Calibration curve .....	4
10	Performance of the method .....	4
11	Test report .....	4
Annex A (informative) Suggested parameters for GC-MS determination of DMF .....		5
