ISO 18115-3:2022-06 (E)

Surface chemical analysis - Vocabulary - Part 3: Terms used in optical interface analysis

Contents

Page

Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Termsanddefinitions 1
3.1 General terms 1
3.2 Terms related to properties of light 5
3.3 Terms related to optical properties due to interactions with media 12
3.4 Terms related to ellipsometry 18
3.5 Terms related to Raman spectroscopy 20
3.6 Terms related to nonlinear optical technique terms 25
