

ISO 17499:2023-03 (E)

Carbonaceous materials used in the production of aluminium - Determination of baking level expressed by equivalent temperature

Contents		Page
Foreword		iv
Introduction		v
1	Scope	1
2	Normative references	1
3	Terms and definitions	1
4	Principle	1
5	Reference coke	2
5.1	General	2
5.2	Selection and preparation	2
6	Calibration curve	2
7	Apparatus	4
8	Test procedure	5
8.1	Equivalent temperature measurement	5
8.2	Equivalent temperature of a section	6
9	Expression of results	6
9.1	Equivalent temperature of a single anode or cathode	6
9.2	Equivalent temperature of a section	6
10	Precision	6
11	Test report	7
