Foreword iv

1 Scope 1

2 Normative references 1

3 Terms and definitions 1

4 General requirements and safety precautions 4

5 Measurement systems and equipment 4
5.1 General 4
5.2 Portable packaging measurement system 4
5.3 Metrological requirements for measurement 7
5.3.1 Coriolis flow meter installation requirements 7
5.3.2 Gas chromatography apparatus requirement 7
5.4 Measurement system verification 7
5.4.1 Coriolis flow meter system verification 7
5.4.2 Gas chromatography system verification 7
5.5 Equipment maintenance and testing 7

6 Measurement procedures 7
6.1 Coriolis mass flowmeter procedures 7
6.1.1 General 7
6.1.2 Quantity measurement procedures 8
6.1.3 Quantity measurement documentation 9
6.1.4 MFM system failure and quantity dispute 9
6.2 Gas chromatography procedures 9
6.2.1 General 9
6.2.2 Quality measurement procedures 10
6.2.3 Quality measurement documentation 10
6.2.4 Calibration 10
6.3 LNG energy calculation 10
6.4 Measurement report 10

Annex A (informative) Energy value calculation 12

Annex B (informative) LNG bunker delivery note 14

Annex C (informative) Bunker metering ticket 16

Annex D (informative) LNG Bunker checklist TTS 17

Annex E (informative) Mass flow metering system seals checklist 24

Annex F (informative) Meter reading record form (delivery) 25
